

# EDGE PROTECTOR

## DIVISION

Grupo Ortiz edge protectors are critical packaging elements, designed to reinforce the load unit and protect the vulnerable areas of the pallet. Their composition guarantees high resistance to compression.

### Stability and Perimeter Protection

Our technology allows for significantly improved vertical stacking stability, preventing strapping damage and load collapses, which reduces damaged goods claims and optimizes warehouse safety.

### Products:

- BROWN KRAFT EDGE PROTECTOR
- WHITE KRAFT EDGE PROTECTOR

# BROWN KRAFT EDGE PROTECTOR

Designed to protect edges and corners during transport and storage, this edge protector distributes pressure evenly, preventing deformation and damage to merchandise. Its structure offers resistance and stability in demanding packaging applications.
